

# FireShield Storage Cabinet

**NEW**  
FOR 2024

## FireShield® Storage Cabinet by FireKing®

Introducing the all-new FireShield® Storage Cabinet from FireKing. This versatile cabinet delivers the same trusted fire protection for your valuable assets that the FireKing brand has represented for over 70 years.

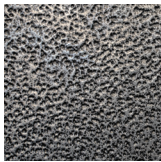

The FireShield Storage Cabinet was designed to fit in a variety of spaces and serve multiple applications. The aesthetics make the cabinet a great standalone option or it can be conveniently installed inside standard home or office cabinets.

Available in three new textured finishes, it comes standard with a keyed lock and two adjustable shelves ideal for your unique protection needs.

Whether you're looking for protection for priceless heirlooms, personal documents, or your irreplaceable tools and instruments, the FireShield Storage cabinet is your trusted solution.
