FireKing[®]
SECURITY GROUP

FireKing[®] Security Group and Loomis, Fargo & Co.:
Your door-to-door-to-door-to-door security solution.

Loomis Fargo
& Co.

What happens when smarter cash handling meets smarter armored car service? Pure genius.

FireKing® Security Group (FKSG) is already a leader in smarter cash-handling solutions. But after the sale and safe drop, there's still another step your cash has to take on its way to your bottom line – the trip to the bank.

But our new strategic partnership with Loomis, Fargo & Co. closes that loop: and keeps your cash secure at every point in the process. As America's largest retail cash management company, Loomis, Fargo & Co. offers some of the most sophisticated, intelligent armored transit and deposit services available – making the FKSG/Loomis, Fargo alliance a brilliant solution for smart FKSG customers.

Reduced risk. Reduced administration. Zero error tolerance. And unprecedented cash management. Whether you choose our Purchase, Lease-To-Own, or Standard Lease option, this secure, efficient, and exceptionally accurate way to deposit cash into your bank account pays for itself in a matter of months.

Security you can take to the bank. (Without having to go there yourself.)

FKSG's Image Vault® DVRs and NKL® smart safes are the ideal way to keep cash accounted for in the store. But having employees remove money from your safe and transport it to the bank opens you to all sorts of error and risk – including extreme liability. Late deposits and miscounted cash mean higher bank fees. And then there are the consequences of a theft or robbery. Injury, loss of life, worker's compensation, third-party litigation: they can cost you far more than the stolen cash.

Each year, Loomis, Fargo & Co. is responsible for the safe and secure transportation and processing of trillions of dollars in currency and other valuables. All guards and custodians are carefully screened and undergo extensive background checks and training. And with the added strength of three-person crews, "chase" cars and roving guards, the Loomis, Fargo & Co. system virtually eliminates the possibility of robbery.

It's not just like money in the bank. It is money in the bank: guaranteed.

In addition to thorough, accountable pickup – words made bond by a money-back guarantee in the unlikely event your cargo is lost or stolen – additional Loomis, Fargo & Co. benefits make business a lot easier:

Deposit Pickup – Armed guards in an armored vehicle pick up bank deposits at your business on a prearranged schedule. Cash is deposited into an audited safe upon receipt and is guaranteed at the time of pickup. You receive a signed receipt for your deposit, starting an audit trail that is completed when the guards deliver your deposit to the bank and receive another signed receipt.

Change Services – Change orders from your bank can be delivered to your business when deposit pickups are made, allowing you to meet change requirements without the risk of storing large sums of cash and coin on-site.

Emergency and Special Pickups – An extensive routing system allows quick response to your special service requirements, increasing flexibility.

Security Consultation – A complete service-location audit and action plan can help reduce or eliminate security concerns. We'll work with your employees to effect safe and secure transfer of deposits or change orders.

Smarter banking services complete the picture.

Loomis, Fargo & Co. armored cars also bring valuable and convenient banking services right to your door. Here are some of the benefits you'll enjoy with Loomis, Fargo & Co.'s BankDirectSM services:

- *Deposit cash from an unlimited number of stores into a single national bank account*
- *Deposit detail is tracked by location*
- *Live customer support*
- *Internet-based change orders and account management*
- *Available deposits can be invested or swept*

Where the smart money is.

The alliance between FKSG and Loomis, Fargo & Co. is the only one that gives you a continuum of security solutions. And it's a continuum that stretches even farther with our Image Vault digital video recorders. A favorite in retail concerns worldwide, Image Vault links cameras to POS and NKL intelligent safe systems: capturing and documenting every store event or activity with searchable digital-video and audit-trail entries.

Reduced employee theft. More accurate cash counts. Decreased liability exposure. Lower insurance rates. Less administrative time. From sale to safe and beyond, FKSG and Loomis, Fargo & Co. are the seamless security solution for your company. Quite simply, it's one partnership you can really bank on.
