

WITH THE SMARTEST FEATURES AROUND, THESE LOCKS ARE LOADED.

Whatever your access control, security and auditing needs are, NKL® has a very smart solution. AuditLok® XL and XLV, with more installations than any other lock system in the market, have features that provide even more flexibility and control, making them the top choices for stores and quick-serve restaurants with multiple users and employee turnover issues. And AutoBank® XLViP is the smartest, most networkable system available today - the "gold standard" of cash-handling controllers. Simply put, NKL has smarter security all locked up.

The Smarter Way To Handle Cash
