

2007 DAYLIGHT SAVINGS TIME

2007 DAYLIGHT SAVINGS TIME

As of 2007 the United States federal government has changed the dates for Daylight Savings Time (DST). The “Spring forward” date has moved to the second Sunday in March and the “Fall Back” date has moved to the first Sunday in November. No changes are required for normal DST adjustments on safes equipped with AuditLok XL electronics.

DAYLIGHT SAVINGS TIME (DST) ADJUSTMENT PROCEDURE

- ➔ Key level 3 or higher is required to adjust Daylight Savings Time.
- ➔ To set/remove DST, log in with your key and select `SUPERVISORY>` from the main menu.
- ➔ Select `TIME>` from the Supervisory menu.
- ➔ Select `DAYLIGHT SAVINGS>` from the Time screen.
- ➔ Select `SET DST>` (March/April) or `REMOVE DST>` (October/November).
- ➔ Select `DONE>` to complete the time change.
- DST may only be set (Spring forward) during the months of March or April. DST may only be removed (Fall back) during October or November. Once set/removed, DST can not be changed until the next scheduled window arrives about 6 months later.
- Time and date are set at the factory. If your safe time or date is incorrect, contact NKL Technical Support (1-800-452-4655).
