

INTRODUCING

FireShield™

NEW

EDGE SERIES

Fire Protection Designed for Every Workspace

Office ready, wherever your office happens to be.

Purpose built for an ever-evolving workforce, the new FireShield™ Edge Series meets all the requirements of modern offices—from dedicated workspaces to a shared space to home environments. Built on the FireKing legacy of precision engineering to ensure secure, fire-rated protection, FireShield cabinets are designed to meet demanding secure storage protocols. With sleek, clean lines and a modern look, the Edge Series elevates the aesthetic of home and office environments alike.

Four configurations designed to meet specific workplace requirements:

- The Executive Cabinet
- The Shared Cabinet
- The Hybrid Cabinet
- The Flex Cabinet

Unmatched fire-rated protection ideal for today's offices.

Factory certified to withstand 1200°F for one hour and backed by FireKing's Free After-Fire Replacement Guarantee, Edge Series cabinets set the standard for securing critical assets in modern workspaces. It's this level of professional-grade protection you can always count on when it matters most.

Executive

The Executive Cabinet provides secure storage for leaders managing sensitive information.

Ensuring assets are secure but accessible, the Executive Cabinet is the go-to choice for protection at the highest level.

- ✓ Lockable door
- ✓ One desk drawer
- ✓ One storage cubby
- ✓ Two file drawers
- ✓ Perfect for HR, finance, and senior executives

Shared

The Shared Cabinet delivers multi-person access with personal lockable storage.

Workspace configurations are changing every day, and providing convenient, protected access to items for multiple workers is more essential than ever.

- ✓ Lockable door
- ✓ Two personal desk drawers
- ✓ Two individual lockable file drawers
- ✓ Ideal for team members in workshare spaces

Hybrid

**The Hybrid Cabinet secures
the most important item of all.
Peace of mind.**

With a modern aesthetic
and multiple color schemes,
this visually appealing
storage solution provides
multiple options to
complement different
working environments.

- ✓ Lockable door
- ✓ One storage cubby
- ✓ Desk drawer
- ✓ File drawer
- ✓ Built-in safe
- ✓ Protects work and
personal belongings

Flex

**The Flex Cabinet offers
configurable fire-safe storage
for all-purpose needs.**

Needs can change depending on staffing and working requirements. Best to have a fully flexible option that can accommodate a variety of needs all in one unit.

- ✓ Lockable door
- ✓ Two adjustable shelves
- ✓ Ultimate flexibility for convenience and protection

A Legacy of Innovation

FireKing has been protecting what matters most for over seven decades. From government and healthcare to finance, legal, and home offices, FireKing’s fire-rated storage solutions deliver unmatched reliability and complete peace of mind.
