Leading Fire Protection That's Compact, Secure, and Resilient

Ideal for small offices, home workspaces, and anywhere space is at a premium, the FireKing® Turtle fits where standard cabinets can't. Made in the USA, the Turtle is UL Listed for fire endurance, impact, and explosion-hazard protection, ETL Verified for digital media protection, and is water-resistant. Insulation between every drawer makes each one a separate protected container. And because it's FireKing, it's backed by our Free After-Fire Replacement Guarantee: if your Turtle is ever damaged in a fire, we'll replace it free of charge. Visit fireking.com for details.
