MB3020 Provides a Flexible and Secure Environment

In store operations, you need a secure environment for your cash. This safe provides the capabilities you need to protect your assets with features tailored to the needs of retail operations. The mail-box drop slot allows staff to make deposits directly into the top compartment. Extra cash tills or change funds can be kept in the lower compartment. The safe is fit with two electronic locks, one for each compartment, and each lock is programmable with up to thirty user codes per lock limiting access to those who need it. In addition, setting a time delay on either lock can be a strong theft and armed robbery deterrent. All these features, coupled with outstanding customer service and live technical support when you need it, provide you the capabilities and confidence you are looking for.
