

Dual Door Rotary Hopper Safe

Proven Solution, Outstanding Service

- B-rated safe – robbery and theft deterrent
- Rotary hopper – accepts packages up to 9½"Lx3½"Wx5½"D
- Multiple user codes – up to thirty unique codes
- Time delay feature available – robbery and theft deterrent
- 24/7/365 live technical support – support when needed

RH3020 Enables Fast Deposits into Top Compartment

The RH3020s quick rotary hopper provides you the ability to make large drops. The rotary hopper's unique "tube-in-tube" design makes "fishing" difficult. A deposit is made through the top and turning the hopper handle once drops it behind your locked safe door. Limiting access to these drops is a proven deterrent to cash losses. The safe is fit with electronic locks that are programmable with up to thirty user codes limiting access to those who need it. In addition, setting a time delay can be a strong theft and armed robbery deterrent. All these features, coupled with outstanding customer service and live technical support when you need it, provide you the capabilities and confidence you are looking for.

SPECIFICATIONS FOR RH3020

Exterior Dimensions: 30"Hx20"Wx16"D

Weight: 260 lbs
